

THE 2009 DONZI 22 Classic

For decades, boaters admiring the sleek profile of the 22 Classic have been left staring at its transom. Take the helm of this pocket rocket for yourself, and you'll see why. With its low-slung, sports car feel and up to 425 HP growling at your fingertips, you'll be immediately tempted to put the throttles down and leave the gawkers behind.

While it may look refined and graceful tied to the dock, punch the throttle and this "gentleman's speedboat" becomes a beast! For the ultimate wind-in-your hair, grin-on-your-face go-fast experience, there's no better choice than the Donzi 22 Classic.
