

THE 2009 DONZI 27 ZR

From its sleek lines and aggressive stance to its automotive-inspired fuel fills and engine vents, this hot 27-footer is immediately recognizable as a Donzi ZR. The 27 ZR boasts ample cockpit storage for a day of fun on the water, with a locking glove box, self-draining in-dash cooler, plenty of beverage holders, and large recessed port and cockpit storage bins with cargo netting.

There are concealed storage compartments beneath the aft seat, while a locker in the forward port coaming easily accommodates additional personal belongings.

The 27 ZR features smartly placed grab handles for all passengers, footrests integrated into the port and starboard helm, and durable, sculpted upholstery, with standup bolster seats forward and a roomy aft bench seat with contoured backrest and integrated headrests. The net effect is a cockpit that not only speaks of taste and luxury, but also keeps all occupants comfortable when the needle begins to climb.

DONZI
